**Geological Field Excursion**

**Date: 21<sup>st</sup> January 2022**

**Time: 7:00 AM – 10:00 PM**

Department of Geology, SSES's Science College, arranged a field excursion tour in Dongargoan Fluorite Mine with 58 students, and three staff members. It is an open-cast mine containing fluorite minerals and some structural features in the periphery of the mine-like fold. The manager of the mine gave a tour and explained the working system and the importance of the mine. All field excursions were successfully completed enriching student's knowledge regarding field geology. Students have submitted their respective Geological Excursion Reports with necessary field samples and photographs.'
