

Shivaji Science Innovation and Incubation Centre celebrates “World Entrepreneurship Day.”

Innovative mindset helps to generate and implement novel ideas. -Mr Dheeraj Bhagat

Developing an innovation mindset can help you to become more creative, curious, and confident in your abilities to generate and implement novel ideas. Therefore, start to prepare innovative mindset. Innovative mindset helps us to develop our skills and makes us more creative. Innovation is not only about creating new products or services, but also about finding new ways to solve problems and adapt them to changing environments said by the Mr. Dheeraj Bhagat on “World entrepreneurship day” which was celebrated by the Shivaji Science Innovation and Incubation Centre at the Science College Congress Nagar Nagpur. The program was chaired by the in-charge Principal of Shivaji Science College Prof R N Deshmukh.

Later, he said Startups come with high risk as failure is very possible, but they can also be unique places to work with great benefits, a focus on innovation, and great opportunities to learn. A mentor is a person who can support, advise, and guide you. They typically take the time to get to know you and the challenges you're facing and then use it in your life. So, you should Find an experienced mentor in your network whose leadership and management values you respect. The entrepreneurial vision is defined by exploration and risk-taking, and it is an essential component of a nation’s ability to succeed in an ever-changing and more competitive global marketplace.

Your mindset is the foundation of everything you do and achieve both successes and failures. We’re diving deep into two mindsets, Growth and Fixed. In a growth mindset, people believe that their most basic abilities can be developed through dedication and hard work on the other hand in a fixed mindset, people believe their basic qualities, like their intelligence or talent, are simply fixed traits. so you should practice for growth mindset spoke on the occasion of guiding the students of the Shivaji science college.

Later, he said start creating your network. networking requires initiative. You must try to meet people and then establish and maintain those relationships. Networking is not a one-and-done deal where you meet a contact and then speak with them only when you need something. Therefore, Innovative mindset,

continuous learning, meeting people of various skills will give you the prospects in your career.

Convener of Innovation and Incubation Center Dr S S Dhote, Convener of Alumni Association Dr R D Urkude, Dr J K Gunjate were present during the occasion. Dr P. D. Deshmukh steered a program and Dr V K Kinshikar presented a vote of thanks. All the professor, teaching faculties along with the students of the UG and PG were present during the program.
