Respected sir

I am staff member of Shri Shivaji Science College Nagpur department of chemistry (Dr.Shubhangi J. Kene).
Our UG and PG students are interested to visit your esteemed institution on dated 6/03/2025. There will be about 20 students along with 03 staff members.

Sir kindly accept our application.

Thanking you.

Yours faithfully
Dr. S..J.Kene

Report on

visit to MGIRI on 06/03/2025

The Department of Chemistry has organized one day study tour for the students of M.Sc and B.Sc students on 6th March 2025 at Mahatma Gandhi Institute for Rural Industrialization(MGIRI), Wardha. The main objective of the workshop was to provide various career opportunities for students and holistic development while taking education. Students visited different departments and acquire knowledge who to become entrepreneur. The study tour visit to Mahatma Gandhi Institute for Rural Industrialization (MGIRI) Wardha was an enriching experience for students. MGIRI is a pioneering institution that focuses on rural industrialization and sustainable development. This tour was full of knowledge and brain storming session throughout the visit.

Students visited following Various departments of MGIRI Wardha.

1 **Food Production** Preparation of Amla Juice ,Soyamilk,Masala etc.

2 **Herbal Production** Natural Herbal Syrup Suspension, Herbal Nutraceuticals, Herbal cosmetics, Herbal Toiletries etc.

3 **Craft design** craft division in terracotta, metal crafts, wood & bamboo crafts, textile craft, leather craft etc.

4 **Khadi and Textile** charkha workshed, Silk Reeling unit, handloom workshed with doobby, khadi designs studio with garment, woven, & embroidery designs software, pilot garment unit, hank dyeing m/c, calendaring m/c, Softflow dyeing, jigger dyeing m/c, 2-bowl padding mangle, Block printing etc.

5 **Energy Production and conservation** Bio-gas cleaning, packaging and use in engines.Micro-Hydel based workstations. Briquetting systems on community scale. Energy conservation in potter's kiln etc

The study tour visit to MGIRI Wardha was a resounding success, with students gaining valuable knowledge, skills, and experiences. The visit helped students to:

- Develop a deeper understanding of rural industrialization and sustainable development
- Acquire practical skills and hands-on experience in industrial processes
- Network with experts and professionals in the field
- Foster a sense of social responsibility and commitment to sustainable development. Total students involved were 25 with 4 teaching and 1 non teaching staff.

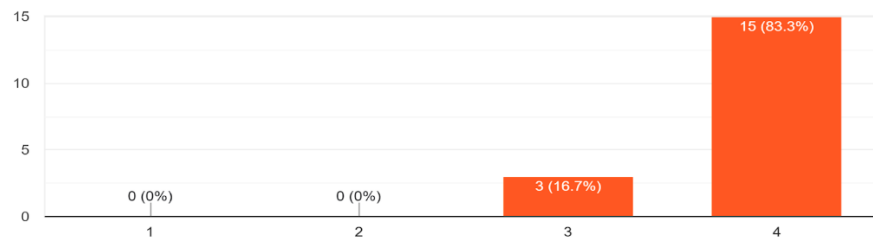

Action Taken Report

A total of 25 students accompanied by four teaching and one non-teaching staff benefitted from the **Industrial Visit** to the “**Mahatma Gandhi Institute For Rural Industrialization, Wardha**” Students were shown various technologies developed by MGIRI to enhance rural productivity, such as: **Solar-powered technologies** for rural electrification, **Improved agricultural tools** designed to increase efficiency, **Eco-friendly products** developed for sustainable practices in agriculture and handicrafts. Each technology was demonstrated, and the practical applications were discussed in detail. A short workshop on rural innovation and entrepreneurship was organized, where students were briefed on how to develop ideas into workable solutions for rural industries.

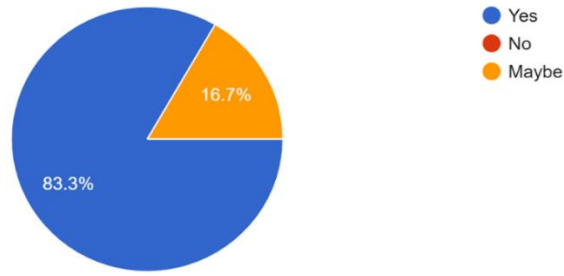

Feedback Analysis

1) How would you rate the MGIRI Visit?
18 responses

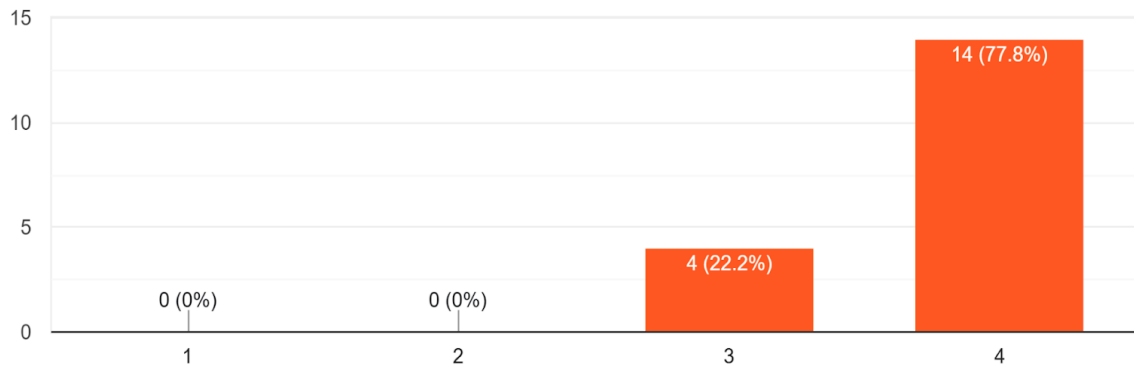

2) Did the MGIRI visit encouraging you to explore scientific concepts through practical experiments?

18 responses

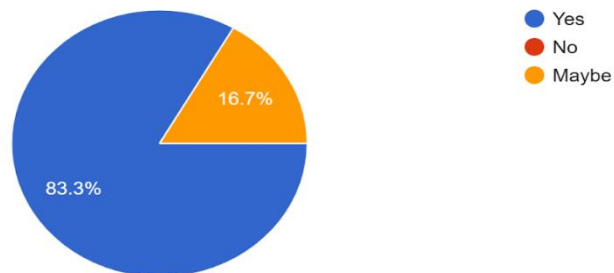

3) How was the quality of information provided?

18 responses

4) Were you able to access such type of Industrial Visit?

18 responses

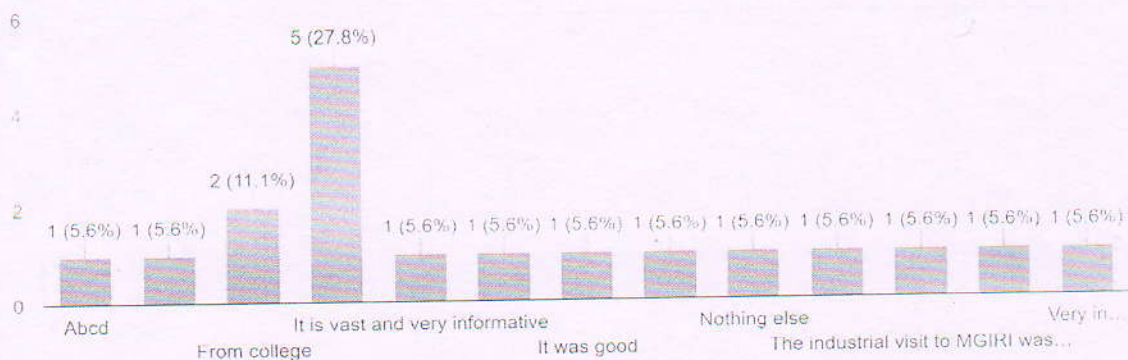

5) Were there any areas missing from your education?

18 responses

6) How did you find the structure of the Industrial Visit?

18 responses
