“JOY OF GIVING”

Report

The joy in giving is much more fulfilling than the joy of receiving, therefore to make students enjoy 'Joy of giving' to others and to strengthen student's responsibility towards the community, Dept. of Chemistry under the aegis of IQAC conducted 'Joy of giving' activity for the students, in the slum area , Chhunabhatti. On 14 December 2022. Students and teachers collected some fund, from which they purchased some toys, stationery items, clothes and biscuits for poor children in the slum area. Immense joy and happiness was observed on the faces of the children who received the token of love from the college students. Total 20 students and 10 Teachers participated in this activity. This made an impact on the belongingness to one another and widened the thought for community service activities. Joy of giving activity inculcates the habit of sharing with others.

The college students as well as the teachers of the department and slums eagerly wait for this event. The students take pride of doing the task and organize the whole event.

Action Taken Report :

This practice created a very good impact on students who came forward willingly to share several things in different forms. They experienced utmost joy in sharing with the children and enjoyed the practice. Immense joy and happiness was observed on the faces of the children who received the token of love from the college students. This made an impact on the belongingness to one another and widened the thought for community service activities. The activity inculcates the habit of sharing with others. Everybody experienced the pure joy of giving without expecting anything in return. The activity was coordinated by Prof. R.A.Deshmukh.
