Date: 11/04/2025 and 12/04/2025

Time: 11:00

Department of Geology, SSES's Science College, Nagpur organized a Two Day Workshop on “Sample Etching, Staining and Model Count Techniques” on 11/04/2025 and 12/04/2025 at 11:00 PM to 05:00 PM. The guest speaker was Prof. D. B. Malpe (Former Head, P.G. Dept. of Geology, Nagpur). The Programme started in the presence of Principal Prof. O.S. Deshmukh. The topic of discussion was “Sample Etching, Staining and Model Count Techniques”. All three years of Geology students and two faculty members were present in the Department of Geology. This interaction aimed to give knowledge about Sample etching, staining, and model count techniques used in various fields to enhance visibility, identify specific structures and quantify samples. After the talk, a special session “Preparation of thin Sections of ores and minerals” was carried out and actively participated and interacted. The program was successfully organized in the Department of Geology.

Action Taken Report

This interaction aimed to give knowledge about Sample etching, staining, and model count techniques and how they are useful for society. After the talk, a special session of the “Preparation of thin Sections of ores and minerals” was carried out and actively participated and interacted with the scientist. The Department of Geology decided to organize such hands-on sessions in more numbers.

Feedback Analysis:

After successful completion of the workshop feedback from all the present students was collected. Analysis of feedback was done and after feedback analysis following observation noted remarkably.
