A workshop titled “Avida-ED: A Digital Evolution Software” was held on August 30, 2018, in the Conference Hall of S.S.E.S.A's Science College, Nagpur, organized by the Department of Microbiology. Dr. Samiksha Raut, Assistant Professor in the Department of Biology at the University of Alabama, Birmingham, USA, served as the guest speaker for the event. The presidential address was delivered by Dr. C.J. Chandekar, Head of the Department of Microbiology and Officiating Principal at S.S.E.S.A's Science College. Dr. Pranita Gulhane conducted the anchoring and delivered the vote of thanks. The workshop provided an insightful exploration of digital evolution through the Avida-ED software, highlighting its applications in evolutionary biology.

Action Taken- A total of 50 students participated in the workshop. They learned how to use Avida-ED software to simulate and analyze digital evolution processes, gaining insights into evolutionary mechanisms and computational biology. The workshop enhanced their understanding of how digital tools can model evolutionary dynamics and contribute to research in evolutionary biology. Participants also developed practical skills in using digital evolution software for scientific investigation.
