Welfare for Peasants and Farmers

Dr. Panjabrao Deshmukh in Russia
as the Leader Delegation of
State Agriculture Ministers in India

In the era of globalization, India is facing the problem of farmer suicides. In spite of many packages, committees, suicides of farmers do not stop. The reason behind this failure is the lack of vision of the Government. Dr. Panjabrao Deshmukh while speaking on a welfare of peasants and farmers, strongly appealed to establish welfare board for farmers on the line of social welfare board which will take care of farmer's education, health and sanitation. He regrets that drafting committee of the constitution has not considered the problems of peasants and farmers in the country. He wrote a letter to Dr. Rajendra Prasad, Chairman of the Constitution Committee on 12th March 1948 to address the issues of farmers and lack of representation of farmers on the Constitution committee.

The views of Dr. Panjabrao Deshmukh are straight forward and pragmatic as a Union Minister of Agriculture. Dr. Panjabrao Deshmukh made a revolution in agriculture by introducing world agriculture technology to Indian farmers community. He believed on exchange of technology and organized world agriculture exhibition at Delhi. Eisenhower - the U.S. President visited India for inaugurating the world agriculture exhibition on 11th Dec. 1959. Dr. Panjabrao Deshmukh published circular letters of his ministry to update all the State and Union Ministers Departments about agriculture development and advancement. Dr. Panjabrao Deshmukh took every efforts for the welfare of peasants and farmers in the country. His commitments with farmers were strong and highly commendable.

Role as Social Reformer

Dr. Panjabrao Deshmukh as a Social Reformer

Dr. Panjabrao Deshmukh was a progressive and pragmatic social reformer who took the initiative of opening Amba Devi Temple for untouchables and compelled the trusty to allow untouchables in the temple. The reason behind this movement was not only to open the temple for untouchables but also to give equal rights to the deprived section of society. He was a follower of Satya Shodhak Samaj of Mahatma Phuley. Likewise, Dr.Panjabrao Deshmukh started Shraddhanand Hostel which was accessed by all the sections of the society. His work was towards humanity and the welfare of downtrodden people. Dr. Panjabrao Deshmukh was also a lawyer and practiced law. He appeared for poor peasants in many cases at the district court of Amravati. His most predominant case was the British Government vs Azad Hind Sena, in which he assisted Jawaharlal Nehru. His commitments to rural people were strong and tried to uplift the rural people from the heavy darkness of backwardness.

Establishment of Lokvidyapith and Contribution Towards Education

Dr. Panjabrao Deshmukh founded Lokvidyapith on 30th Dec.1950 which was inaugurated by the then President Hon'ble Dr. Rajendra Prasad. While giving the facts of education in India, Dr. Panjabrao Deshmukh quotes the statement of Lenin who mentioned that in 1913, about four-fifths of all children and young people in Russia were deprived of education. Dr. Panjabrao Deshmukh pointed out that the situation of education in India in 1950 was as in Russia in 1913. So he emphasized the need for Lokvidyapith who will cater to the needs of all the sections of the society. In his speech, Dr. Panjabrao Deshmukh said 'Workers Educational Association of England was a model worthy of imitation to us.'

The Workers Educational Association of England is bigger than any universities in Great Britain. Dr. Panjabrao Deshmukh was a pragmatic philosopher who established the platform of education for the welfare of large masses irrespective of caste, creed, religion, sex and any other. Our Society's President Hon'ble Shri. Harshvardhan P. Deshmukh is visionary and torch bearer of the ideas propagated by Dr. Panjabrao Deshmukh and hence signed MoU with Consortium for Global Education, USA.

Contribution for Constitution of Republic India

Dr. Panjabrao Deshmukh made a useful contribution as a member of the Draft Committee for the Constitution of the Republic India chaired by Dr. Bhimrao R. Ambedkar. He has devoted his efforts as a member of the drafting committee for making the Constitution of India from Central Provinces and Berar. In November 1946, the Constitution Assembly was formed with Dr. Rajendra Prasad being appointed as the President of the Committee. On 26th November 1949, the "Constitution of India" was passed and adopted by the assembly. The Constitution of India came into force on 26th January 1950, which we celebrate as Republic Day of India.

Dr. Panjabrao Deshmukh insisted on accepting parliamentary democracy. On speaking with the draft Constitution, he said that parliamentary democracy is essentially meant for maintaining the status. It is meant to bring about radical change from the existing state of affairs. Further, he said, he would not be surprised if this constitution does not last long, because it does not answer the aspiration of the man in the street at present. He observed that the principles of equality, liberty, and fraternity adopted in the constitution will lose their significance in two hundred years. Under these phrases, it has been possible for various countries to maintain the upper layers where they were and to exploit the lower ranks to their hearts' content. He warned there would have to be some sort of rebellion or revolution if we do not get proper representatives to run the Government with this Constitution.

EDUCATION AS MEANS OF SOCIAL REFORM

Dr. Panjabrao Deshmukh not only founded Shri Shivaji Education Society but also made the provision for primary education by increasing the local cess by 50% which could embark an extensive program of compulsory education to the doorsteps of masses in general and under-privileged rural states and women in particular. He considered education as a means of social reform. On the occasion of the Silver Jubilee of Shri Shivaji Education Society in the presence of the then President of India Dr. S. Radhakrishnan, Dr. Panjabrao Deshmukh declared his mission of education as follows “Let other Universities devote their money and energies to the production of only supermen. Let my Universities and Lokvidyapith strive to make useful, patriotic men and women out of ignorance, filth, poverty, and misery in the heavy darkness of India.”
