“BASIC TECHNIQUES IN MOLECULAR BIOLOGY”

Date: 26-09-2018 & 27-09-2018

National Workshop on “Basic Techniques in Molecular Biology” was organized by Department of Microbiology, S.S.E.S.A's Science College, Nagpur in association with BECon Fest (IIT Kharagpur Event) on 26th & 27th September 2018. A total of 36 students from Biotechnology and Microbiology have participated with great enthusiasm and zeal. First round was carried out which included ‘Hands on Training’ on Molecular Biology Experiments followed by Objective test and Group Discussion was carried out by the expert faculty Mr. Gopi Suresh Oggu, Research Scientist, CCMB, Hyderabad. As a result of Evaluation in these two days, seven students were selected for the Second round which was conducted in IIT Kharagpur Campus on 27th and 28th October 2018. Students have given the presentation on Nanobiotechnology there and have been felicitated with a trophy for college itself and certificated for their active participation.

Action Taken- Students attending the "Basic Techniques in Molecular Biology" workshop will gain hands-on experience with fundamental laboratory methods. They'll learn how to extract and analyze DNA, perform polymerase chain reactions (PCR), and use gel electrophoresis to separate and visualize biomolecules. This practical training equips them with essential skills for research in molecular biology and biotechnology. The workshop also provides valuable insights into the theoretical underpinnings of these techniques, fostering a deeper understanding of the molecular processes at work.

FEEDBACK FORM

Q.1) How would you rate the overall quality of the workshop?

- a) Excellent
- b) Good
- c) Average

Q.2) How relevant was the workshop content to your professional or academic needs?

- a) Very Relevant
- b) Moderately Relevant
- c) Slightly Relevant

Q.3) How likely are you to recommend this workshop to a colleague or peer?

- a) Likely
- b) Neutral
- c) Unlikely

Q.4) How did you find the balance between theoretical and practical components of the workshop?

- a) Well Balanced
- b) More Theoretical
- c) More Practical
- d) Not Sure

Q.5) Are you likely to participate in a similar competition in the future?

- a) Yes
- b) No
