Empower Your Entrepreneurship: Create Chem Clean Floor Cleaner!''

Chem Clean Floor Cleaner Concentrate is an innovative cleaning solution developed in the Department of Chemistry by Assistant Professor Sarang Dhote, in collaboration with the Shivaji Science Innovation and Incubation Centre. This concentrate is crafted using a blend of various chemicals, including Pine oil, Emulsifier, Stabilizer, Demineralised Water, Colour, and Perfume. When 1 liter of the concentrate is diluted, it produces approximately 40 liters of effective floor cleaner. The product is available in eight delightful fragrances, such as Sandalwood, Rose, Jasmine, and Lemon, appealing to diverse customer preferences and enhancing the cleaning experience. This initiative not only promotes a sustainable cleaning solution but also empowers aspiring entrepreneurs to explore opportunities in the cleaning products market.

No. Of Beneficiaries - 31

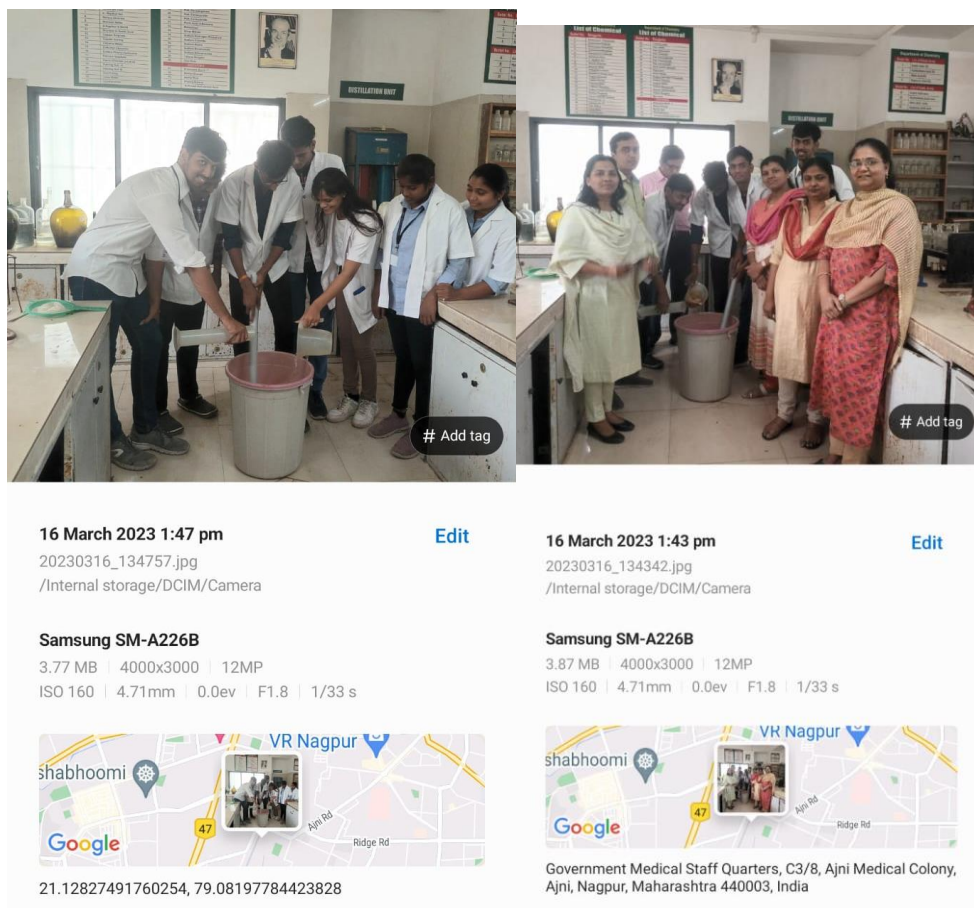

Figure 1- Students and Faculties preparing Chem Clean Floor Cleaner from Concentrate.

Action Taken – In collaboration with NSS team of College As part of an outreach program, diluted Chem Clean Floor Cleaner is distributed free of cost to NMC School in Dattatray Nagar. The Department of Chemistry also plans to extend this distribution to other NMC schools, hospitals, and slum areas under the Swachh Bharat Scheme. Additionally, the Chem Clean Floor Cleaner is available to college staff and students at an affordable price of 30. Empty bottles can be refilled with the diluted floor cleaner at a discounted rate as part of a recycling and reuse initiative aimed at reducing plastic pollution.

This product represents a significant step towards promoting sustainability and environmental friendliness. The effort to distribute it to various institutions and communities underscores a commendable commitment to enhancing hygiene and cleanliness in society. During a recent

training session, approximately 31 students participated, learning the process of making the floor cleaner and gaining valuable skills for self-employment.
