Session: 2019 – 2020

Students participation in workshop organised by Santaji Mahavidhyalaya, Nagpur on Protection of birds by Artificial Nesting and Conservation Of Environment on 11/10/19.

On October 11, 2019, Santaji Mahavidyalaya, Nagpur, in collaboration with the Department of Zoology and Yashodhara Bahuddeshiya Sangh, organized a workshop focused on the protection of birds through artificial nesting and environmental conservation. This report outlines the activities, objectives, and outcomes of the workshop.

Objectives

- Educate participants about the importance of bird conservation.
- Promote the use of artificial nesting to support bird populations.
- Raise Awareness about environmental conservation practices.
- Encourage community involvement in conservation efforts.

Participants

Students from the Department of Zoology, Shri Shivaji Science College, Congress Nagar, Nagpur, attended the workshop. The following students were present:

- Metta Patil
- Ria Kamble
- Khushboo Sheikh
- Nidhi Palsapure
- Kevin Sharma
- Kaiwalya Dani
- Kartikey Matte
- Hrishikesh Nagarnaik
- Anuraj Rao

Activities Conducted

1. Educational Lectures

- Speaker: Tanveer Mirza, President of Yashodhara NGO, delivered an insightful lecture on the significance of bird conservation and the role of artificial nesting in supporting bird populations.
- Topics Covered: The biology of birds, the impact of habitat loss, and the benefits of artificial nesting.

2. Hands-On Workshop

- Artificial Nesting: Participants learned how to create and install artificial nests to provide safe breeding sites for birds.
- Conservation Techniques: Practical demonstrations on various conservation techniques and how to implement them in local communities.

3. Interactive Sessions

- Q&A: An interactive question-and-answer session where participants could engage with the speaker and clarify their doubts.
- Group Discussions: Small group discussions on the challenges and solutions related to bird conservation and environmental protection.

ACTION TAKEN:

Participants gained a deeper understanding of the importance of bird conservation and the practical steps they can take to support it.

Students acquired hands-on skills in creating artificial nests and implementing conservation techniques.

The workshop fostered a sense of community involvement and responsibility towards environmental conservation.
