

Shri Shivaji Education Society Amravati's

## Science College, Congress Nagar, Nagpur

Alumni Association

**Guest lecture of Alumna Dr. Shashikala Wanjari, Former Vice Chancellor, SNDT Women's University, Mumbai on occasion of Science Day**

Alumni Association of Shivaji Science College is established on 2012 and it is registered body. Alumni association established with the aim to get reconnect and provide a platform for alumni to share their experiences , expertise and insights. With this aim ,Alumna Dr. Shashikala Wanjari, Former Vice Chancellor, SNDT Women's University, Mumbai was invited as chief guest on Science day celebration programme organized at Shivaji science College, Nagpur on 28<sup>th</sup> Feb. 2022 .

Scientific temper refers to an attitude of logical, rational and scientific thinking. Student should employ a scientific method of decision making in everyday life. There is a much difference between one who thinks beyond science and confined to science. So, student should think beyond the science. The world is so beautiful. The impact of science is everywhere. Whatever, we investigate or research it should be related to the day-to-day life. Teacher and student relationship is like organic bond. An organic compound is one in which one or more atoms of carbon are covalently linked to the other carbon atoms and so is teacher student relationship. Archimedes was so thrilled and excited with this discovery that he immediately hopped out of the bath and ran onto the streets to tell the king, shouting loudly 'Eureka! Eureka!' both the enlightenment are same only difference that one was philosophical, and another was scientific said by Dr. Shashikala Wanjari speaking in Science Day celebration programme at Shivaji Science college, Nagpur.

We cannot think life on the earth without biological ecosystem and that sense of ecosystem we find in our every family. Student should have respect, honour, test and temperament towards the science, she added.

Further, she said that, "I am highly delighted being part of this program. Being an alumna of this Shivaji science college this college is my Alma mater. I express my gratitude towards principal that first time have been called in as a guest. whatever, I am today it is just because of this college. Journey of Shivaji science college always an inspiration for me."

**No. Of beneficiaries:- 65**
