**NOTICE**

All the Students admitted to Skill Based Certificate Course on "Immunology and Immunodiagnosics" (Session 2023-24) run by Department of Biotechnology of our college, are informed to attend the 'Guest Lecture' and Hand-on-Training of Immunological Techniques.

**Resource Person:** Dr. Sunil Kokane, HiMedia Labs. Pvt. Ltd., Mumbai

**Date:** 20<sup>th</sup> April 2024

**Time:** 10:30 AM onwards

**Venue:** Biotechnology Laboratory

*M. Shinde*  
Principal  
Science College,  
Congress Nagar, Nagpur

On April 20th, 2024, Shivaji Science College in Congress Nagar, Nagpur, in collaboration with Himedia, organized a one-day workshop titled "Immunology and Immunodiagnostics." Hosted by the college's Department of Biotechnology, the event drew a diverse group of participants interested in exploring the complexities of the immune system and innovative methods for disease intervention. The workshop was honored by the presence of distinguished guests, including Hon'ble Principal Prof. M. P. Dhore, Prof. A. D. Bobdey, and Dr. Pranita Gulhane. Dr. Sunil Kokane led the session on "Immunology and Immunodiagnostics," emphasizing the workshop's role in advancing immunological research and the importance of knowledge exchange in deepening our understanding of the immune system, which can lead to transformative breakthroughs in disease treatment and prevention.

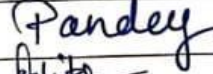

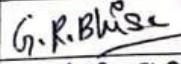

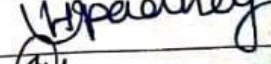

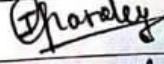

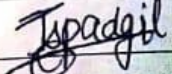

A total of 75 students participated in the workshop, which also attracted faculty members specializing in Biotechnology and Microbiology, enhancing their knowledge in biomedical research. The workshop provided comprehensive insights and hands-on training, with a particular focus on SDS-PAGE techniques. It began with a series of engaging keynote lectures by Dr. Sunil Kokane, who discussed the latest advancements and challenges in the field. Additionally, questionnaire sessions were conducted to further engage participants.

**Action taken** - The workshop provided a robust platform for deepening understanding and expertise in immunological research, blending theoretical knowledge with practical training. This approach aimed to empower participants in discovering innovative solutions for disease management and prevention. With 75 students in attendance, the workshop offered hands-on experience with advanced techniques and fostered the development of essential skills in data analysis and experimental design. Participants also had the chance to interact with leading experts, gaining insights into the latest trends and technologies in immunology.

**Workshop Feedback Form**

*Thank you for attending our workshop! Your feedback is invaluable to us. Please take a few moments to complete this form.*

**1. Overall, how would you rate the workshop?**

- a) Excellent
- b) Good
- c) Average

**2. How well did the workshop meet your expectations?**

- a) Exceeded expectations
- b) Met expectations
- c) Below expectations

**3. How effective were the theoretical sessions in enhancing your understanding of immunological research?**

- a) Very effective
- b) Effective
- c) Ineffective

**4. How valuable was the practical training in terms of hands-on experience?**

- a) Very valuable
- b) Moderately valuable
- c) Slightly valuable

**5. How satisfied are you with the practical sessions of this Workshop "Immunology and Immunodiagnostics."**

- a) Very Satisfied
- b) Satisfied
- c) Dissatisfied

**FEEDBACK RESPONSES**

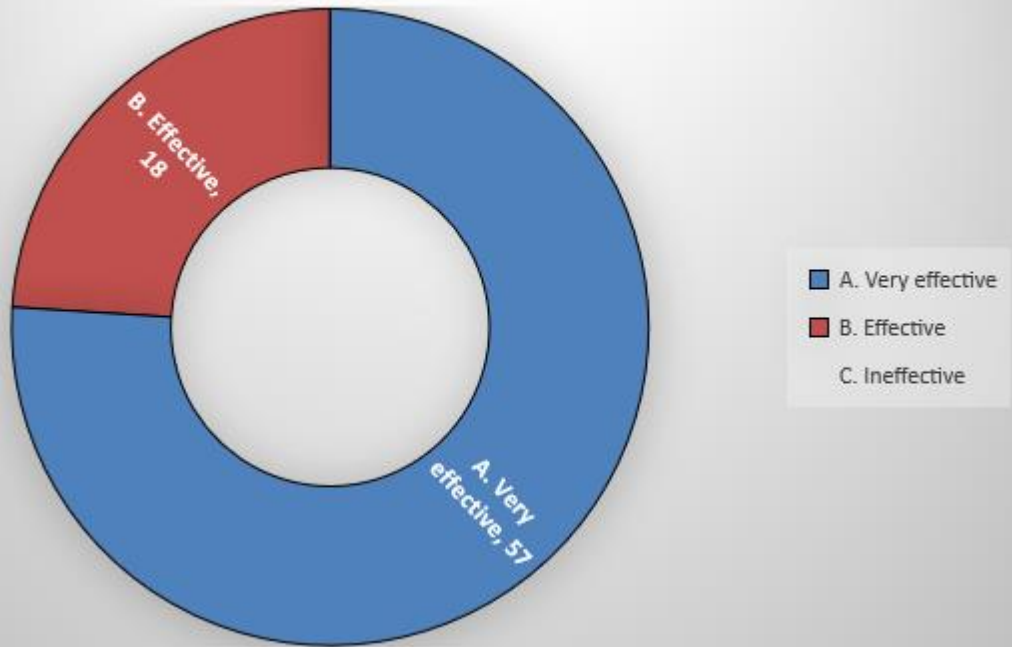

### 75 Responses

Que. 2 How well did the Workshop- Immunology and Immunodiagnostics meet your expectations?

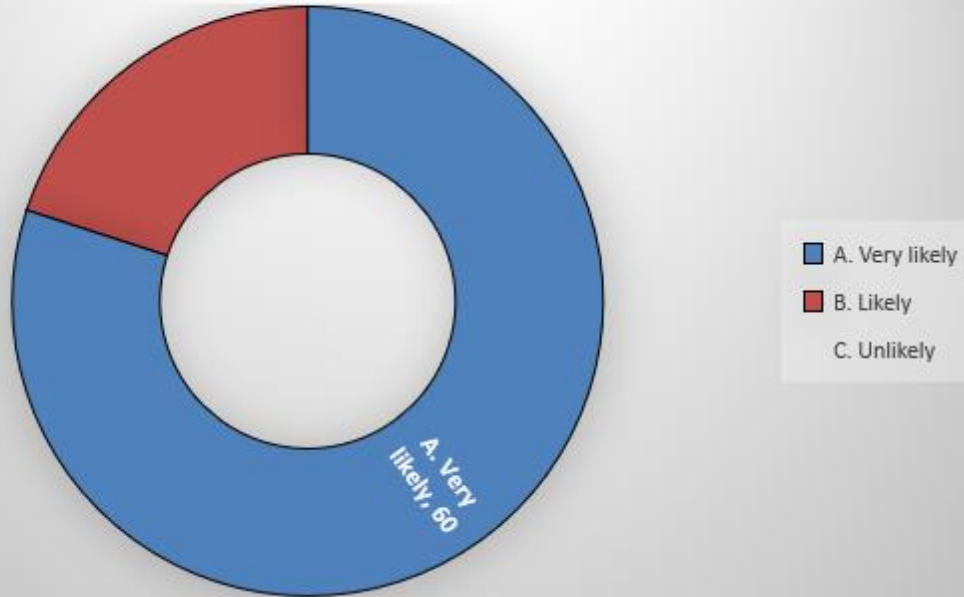

### 75 Responses

Que. 3 How effective were the course instructors in delivering the Workshop - Immunology and Immunodiagnostics

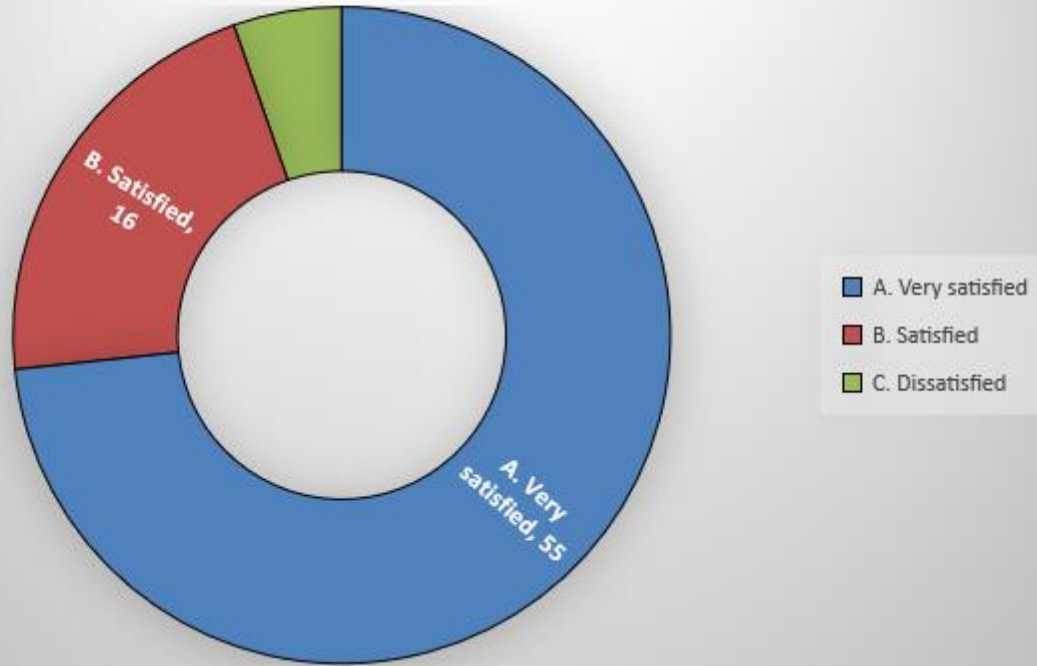

### 75 Responses

Que. 4 How likely are you to recommend the Workshop - Immunology and Immunodiagnostics to others?

### 75 Responses

Que. 5. How satisfied are you with the practical sessions of the Certificate Course - Immunology and Immunodiagnostics
