Report of Action Taken on the Feedback from students

Session: 2017- 2018

Having received the feedback of students on individual teacher's performance, an institution is arranged with such teachers who lack certain skill in terms of teaching. Those teachers are given certain tips to bring about improvement in their teaching so as to make it more intelligible and beneficial to the students.

Following this exercise we have come across the fact that this exercise proved to be fruitful. We appreciate those who are adjusted as good teachers. Similarly on the feedback of students in terms of infrastructure, ambience in the college and facilities provided to them, the proactive measure are adopted with the hope that the students will have pleasant and satisfactory experience during the period of their stay in the college.

Whenever the college receives genuine suggestions from the students, an attempt has been made to fulfill the same, if necessary, budgetary provisions are made in this regard.
